

1.	Name	AbdulKadhim Kareem Abboood
2.	Scientific rank	Assistant Professor
3.	Scientific specialty	Chemistry
4.	Precise specialization	Biochemistry
5.	E.mail and scientific research resources	Email: azerjawi@uowasit.edu.iq
		R.Gate /
		Orcid /
		Publons /
		R.Gate /
6.	Qualification	Ph.D. in Biochemistry / Russian Federation, 2023 M.Sc. in Clinical Biochemistry / Russian Federation, 2012 B.Sc. in Chemistry / Al-Mustansiriyah University, 2008
7.	Academic rank	Assistant Lecturer, 2012 Assistant Professor (Doctor), 2023
8.	Administrative posts	Associate Dean for Administrative Affairs, College of Dentistry, University of Wasit, 2025 Head of Basic Sciences Department, College of Dentistry, University of Wasit, 2014 Rapporteur of Basic Sciences Department, College of Dentistry, University of Wasit, 2013
9.	Published research	• Lipid metabolism in experimental autoimmune atherosclerosis • Atherosclerosis-like changes in the rabbit aortic wall induced by immunization with native high-density lipoproteins • Assessing antioxidant and prooxidant properties of Lactobacilli and Enterococci strains by using ORAC and lux-biosensor methods • Effect of Chronic Smoking on Plasma Antioxidant Enzyme Activity • Brain Biochemistry: Metabolic Changes in Alzheimer's Disease (AD)
10.	Awards	
11.	Teaching experience	• Medical Chemistry • Biochemistry • Clinical Biochemistry
12.	Supervision of thesis	
13.	Experience in civil	• Participation in organizing community health awareness

	Society	campaigns, 2022–2023 • Volunteer, Russian Red Cross, Moscow • Member, International Students’ Club / Assisted in integrating foreign students into Russian society through cultural activities, 2016–2019
14.	Thank books	30
