

**Dr. Widad Al-Omairi**

**Email: Walomairi@uowasit.edu.iq**

### **Profile**

A PhD holder in Dental Sciences specializing in Restorative Dentistry from Newcastle University, United Kingdom. Extensive experience in both academic teaching and general dental practice, with a particular focus on training undergraduate dental students in clinical skills and research development. I am committed to providing high-quality education and patient-centred dental care, while maintaining up-to-date clinical knowledge.

### **Education**

- PhD in Dental Sciences (Restorative Dentistry)/Newcastle University, United Kingdom 2018 – 2023
- Bachelor of Dental Surgery (B.D.S.) University of Kufa, Iraq 2009 – 2013

### **Experience**

#### **Lecturer in Restorative Dentistry, College of Dentistry, University of Wasit, Iraq: September 2023 – Present**

- Delivering lectures and clinical sessions in Restorative Dentistry for 4th and 5th-year dental students.
- Supervising students in clinical practice and restorative treatments, including direct and indirect restorations.
- Training junior dentists in up-to-date restorative techniques, aesthetic procedures, and materials.
- Guiding and supervising students in dental research projects.

#### **Researcher and Teaching Assistant: Newcastle University, United Kingdom 2018 – 2022**

- Assisting in clinical simulation units and pre-clinical laboratory courses
- Mentoring students in laboratory skills and clinical techniques.

#### **Lecturer in Restorative Dentistry, College of Dentistry, University of Wasit, Iraq 2016 – 2018**

- Teaching both theoretical and practical courses in Restorative Dentistry.
- Supervising clinical sessions and monitoring students' academic progress.

#### **General Dentist: Wasit Specialist Dental Center, Iraq 2013 – 2014**

- Providing comprehensive dental care across all general dentistry disciplines, including restorative, prosthodontics, and preventive care.
- Participating in oral health promotion campaigns and community dental services
